Section II: Investment Objective

1. Select the investment objective that most accurately reflects the goals for this account (choose only one):

\Box	A. Income with Capital Preservation. Designed as a longer term accumulation account, this is the most conservative investment objective.
_	Emphasis is places on generation of current income and preservation of capital loss.
\square	B. Income with Moderate Growth. Emphasis is placed on generation of current income with a secondary focus on moderate capital growth

B. Income with Moderate Growth. Emphasis is placed on generation of current income with a secondary focus on moderate capital growth.

 \Box D. Growth. Emphasis is paced on achieving high long-term growth and capital appreciation. There is little focus on generation of current income.

 \square E. Aggressive Growth. Emphasis is placed on aggressive growth and maximum capital appreciation. No focus on generation of current income. This objective has a very high level of risk and is for investors with a long term horizon.
