Section II: Investment Objective

1. Select the investment objective that most accurately reflects the goals for this account (choose only one):

- A. Income with Capital Preservation. Designed as a longer term accumulation account, this is the most conservative investment objective. Emphasis is placed on generation of current income and preservation of capital loss.
- B. Income with Moderate Growth. Emphasis is placed on generation of current income with a secondary focus on moderate capital growth.
- C. Growth with Income. Emphasis is placed on modest capital growth with some focus on generation of current income.
- D. Growth. Emphasis is placed on achieving high long-term growth and capital appreciation. There is little focus on generation of current income.
- E. Aggressive Growth. Emphasis is placed on aggressive growth and maximum capital appreciation. No focus on generation of current income. This objective has a very high level of risk and is for investors with a long term horizon.
